CORE PORTFOLIO

Core Operating Results

Driven by its street and urban portfolio, the Company had strong same-property net operating income growth of 4.8% for the second quarter (before redevelopments). This was driven by the profitable re-leasing of key street/urban properties along with better than expected credit loss and recoveries.

To date, the Company has executed several key leases including Reformation at 56 E Walton (Chicago), Lively at Armitage Avenue (Chicago), Monica Vinader and Orlebar Brown at 991 Madison (New York City).

The Core Portfolio was 93.6% occupied and 94.6% leased as of June 30, 2019 compared to 93.3% occupied and 94.6% leased as of March 31, 2019. The leased rate includes space that is leased but not yet occupied and excludes development and redevelopment properties.

During the second quarter, the Company reported a single insignificant suburban conforming lease in its rent spreads. Excluded were eight non-conforming leases, the majority of which were in its street and urban portfolio, that were profitably completed with annual base rent of \$1.9 million.

Core Acquisitions

Acquired, or Entered into Contracts to Acquire, \$121.6 Million of Accretive Core Portfolio Properties

Soho, New York, NY. To date, the Company has acquired, or entered into contracts to acquire \$121.6 million of New York City street retail assets in Soho, consisting of the previously announced portfolio of \$96.8 million ("Soho Portfolio") and an additional agreement of \$24.8 million during the second quarter.

During the second quarter, the Company closed on 41 Greene Street for \$17.4 million as part of the Soho Portfolio. The property is leased to Stone Island.

Of the \$121.6 million, \$49.6 million have closed and \$72.0 million remains under contract at June 30, 2019. The Company expects to complete the remaining properties under contract in phases through 2020.

The Company has further expanded its presence and influence on these high demand streets in Soho. These acquisitions are concentrated exclusively on Greene and Mercer streets in Soho. From the combination of contractual

rental growth and lease up, these accretive acquisitions have an expected NOI growth in excess of 5% over the next several years.

Acquisitions completed to date, along with the remaining assets under contract, were match-funded with equity raised under the Company's ATM program at an average gross price per share of \$28.58.

No assurance can be given that the Company will successfully close on the remaining acquisitions under contract, which are subject to customary closing conditions.

FUND PLATFORM

Fund Acquisitions

The Company completed the following acquisitions during the second quarter 2019. Amounts below are inclusive of transaction costs.

Tri-City Plaza, Vernon, CT (Fund V). In May, Fund V, in partnership with DLC Management Corp., purchased Tri-City Plaza, a 300,000-square foot center located in Vernon, CT, for \$36.7 million. The joint venture intends to redevelop the TJ Maxx and HomeGoods-anchored center. The redevelopment plan includes bringing in a new best-in-class grocer, which will drive additional traffic to this high-quality asset. Fund V is a 90% partner in the joint venture.

Palm Coast Landing, Palm Coast, FL (Fund V). In May, Fund V completed the acquisition of Palm Coast Landing, a 171,000-square foot shopping center, located in Palm Coast, FL, for \$36.6 million. This property, anchored by Ross Dress for Less, TJ Maxx and Michael's, is the dominant shopping center in its market.

Lincoln Commons, Lincoln, RI (Fund V). In June, Fund V completed the acquisition of a 450,000-square foot shopping center, located in Lincoln, RI, for \$55.9 million. The property is located eight miles from downtown Providence and is anchored by Stop & Shop, Target (shadow), Marshalls and HomeGoods. As the dominant center in the region, this higher-yielding asset has a diverse mix of necessity, entertainment, food and soft goods retailers to complement the strong anchor tenancy.

110 University Place, New York, NY (Fund IV). In May, Fund IV closed on a ground lease interest in the commercial portion of a newly-constructed, high-end condominium building located at 110 University Place in the Union Square submarket of Manhattan, for \$10.5 million. Located immediately south of Union Square Park, 110 University Place is well-located on a high-foot-traffic, high-energy corridor. The Company is already in discussions with several retailers to lease the available space. This acquisition was identified during Fund IV's investment period, which concluded in 2016.

Fund Disposition

During the second quarter, Fund IV monetized its \$15.3 million preferred equity investment in 900 W Randolph generating a 16% IRR and 1.7x multiple.

BALANCE SHEET

By match-funding its Core acquisition activity, the Company has further strengthened its already-solid, low-leveraged balance sheet. As of June 30, 2019, the Company's net debt to EBITDA ratio for the Core Portfolio was 4.7x, with substantially all of its Core Portfolio debt fixed at an average rate of 3.7%.

The Company raised proceeds of \$75.1 million at an average gross price per share of \$28.58 through the Company's ATM program through June 30, 2019.

Notes to Financial Highlights:

- (a) For additional information and analysis concerning the Company's balance sheet and results of operations, reference is made to the Company's Quarterly Supplemental Disclosure furnished on Form 8-K to the SEC and included on the Company's website at <u>www.acadiarealty.com</u>.
- (b) Effective January 1, 2019, expense reimbursements are combined with Rental income on the consolidated statements of income, right-of-use assets have been established under operating real estate and lease liabilities within accounts payable and other liabilities on the consolidated balance sheets in accordance with Accounting Standards Codification 842, Leases. For more information about the implementation of ASC 842, please refer to the Company's current Quarterly Report on Form 10-Q.
- (c) Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue Common Shares were exercised or converted into Common Shares. The effect of the conversion of Common OP Units is not reflected in the above table as they are exchangeable for Common Shares on a one-for-one basis. The income allocable to such units is allocated on the same basis and reflected as noncontrolling interests in the consolidated financial statements. As such, the assumed conversion of these units would have no net impact on the determination of diluted earnings per share.
- (d) The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") and net property operating income ("NOI") to be appropriate supplemental disclosures of operating performance for an equity REIT due to their widespread acceptance and use within the REIT and analyst communities. FFO and NOI are presented to assist investors in analyzing the performance of the Company. They are helpful as they exclude various items included in net income that are not indicative of the operating performance, such as gains (losses) from sales of depreciated property, depreciation and amortization, and impairment of depreciable real estate. In addition, NOI excludes interest expense. The Company's method of calculating FFO and NOI may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles ("GAAP") and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (losses) from sales of depreciated property, plus depreciation eral estate, and after adjustments for unconsolidated partnerships and joint ventures.
- (e) In addition to the weighted-average Common Shares outstanding, basic and diluted FFO also assume full conversion of a weighted-average 5,124 thousand and 4,966 thousand OP Units into Common Shares for the quarters ended June 30, 2019 and 2018 and 5,169 thousand and 4,966 thousand OP Units into Common Shares for the six months ended June 30, 2019 and 2018, respectively. Diluted FFO also includes: (i) the assumed conversion of Preferred OP Units into 499 thousand Common Shares for the quarters ended June 30, 2019 and 2018 and for the six months ended June 30, 2019 and 2018 and 2018; and (ii) the effect of 203 thousand and 264 thousand restricted share units and LTIP units for the quarters ended June 30, 2019 and 2018, respectively.
- (f) The Pro-rata share of NOI is based upon our stated ownership percentages in each operating agreement. Does not include the Operating Partnership's share of NOI from unconsolidated joint ventures within the Funds.

1. Acadia's "Promoted Share" reflects Acadia's share of fund profits once all partners (including Acadia) have received a return of their cumulative contributions plus their cumulative preferred return. Acadia's Promoted Share equals a 20% promote plus Acadia's pro rata share of the remaining 80%.

2. With regard to Fund II, the additional contributions over original Fund Size reflects a prior-period distribution that was re-contributed to the Fund during 2016 to fund the ongoing redevelopment of existing Fund II investments.

3. Net of fees and promote. Fund I has made its final distribution and was fully liquidated in 2018.

4. Unfunded Commitments are set aside to complete leasing and development at existing fund investments and to make new Fund V investments. The Unfunded Commitment will not equal Fund Size less Cumulative Contributions in those instances where certain fund distributions have been marked as recallable or where the fund has released commitments due to, among other reasons, the closing of the fund's investment period or accelerated asset sales. With regard to Fund II, the Unfunded Commitment reflects a prior-period distribution that is subject to recontribution to the Fund until April 2021.

5. Unfunded Commitments available to deploy into new unidentified investments.

The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") to be an appropriate supplemental disclosure of operating performance for an equity REIT due to its widespread acceptance and use within the REIT and analyst communities. FFO is presented to assist investors in analyzing the performance of the Company. However, the Company's method of calculating FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles ("GAAP") and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. The Company believes that this supplemental adjustment more appropriately reflects the results of its operations. The Company defines AFFO as FFO as provides one other supplemental disclosure of operating performance, adjusted funds from operations ("AFFO"). The Company defines AFFO as FFO adjusted for straight line rent, non-real estate depreciation of finance costs and costs of management contracts, tenant improveme
