## Important Notes

## SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this Supplementary Disclosure constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors include, among others, the following: general economic and business conditions, which will, among other things, affect demand for rental space, the availability and creditworthiness of prospective tenants, lease rents and the availability of financing; adverse changes in the Company's real estate markets, including, among other things, competition with other companies; risks of real estate development and acquisition; governmental actions and initiatives; and environmental/safety requirements. The Company also refers you to the documents filed by the Company, from time to time, with the Securities and Exchange Commission, including without limitation the Company's Annual Report on Form $10-\mathrm{K}$ and the
"Management's Discussion and Analysis of Financial Condition and Results of Operations" incorporated by reference therein, for a discussion of such risks and uncertainties.

## PRESENTATION OF FUNDS FROM OPERATIONS

The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") to be an appropriate supplemental disclosure of operating performance for an equity REIT due to its widespread acceptance and use within the REIT and analyst communities. FFO is
presented to assist investors in analyzing the performance of the Company. It is helpful as it excludes various items included in net income that are not indicative of the operating performance, such as gains (or losses) from sales of property and depreciation and amortization. However, the Company's method of calculating FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles ("GAAP") and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciated property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The Company historically has added back impairments in real estate in calculating FFO, in accordance with prior NAREIT guidance. However, NAREIT, based on discussions with the SEC, has provided revised guidance that provides that impairments should not be added back to net income in calculating FFO. As such, historical FFO has been restated consistent with this revised guidance.

Notes:
(1) Quarterly results for 2003 and 2002 are unaudited, although they reflect all adjustments, which in the opinion of management, are necessary for a fair presentation of operating results for the interim periods. The coverage ratios include the Company's prorata share of EBIDTA, interest expense and principal amortization related to the Company's joint venture investments in unconsolidated partnerships.
(2) EBIDTA and FFO for the nine months ended September 30, 2002 have been adjusted to exclude non-recurring income of $\$ 3,945$ representing lease termination income received from predominantly one tenant during the period. Gross property revenues already exclude these amounts. The adjustments are as follows:

|  | 3 months ended September 30, 2002 |  |  |  | 9 months ended September 30, 2002 |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | EBIDTA |  | FFO |  | EBIDTA |  | FFO |  |
| Gross amounts | \$ | 9,745 | \$ | 5,909 | \$ | 35,625 | \$ | 24,525 |
| Adjustment for material non-recurring items |  | - |  | - |  | $(3,945)$ |  | $(3,945)$ |
| As adjusted and used above | \$ | 9,745 | \$ | 5,909 | \$ | 31,680 | \$ | 20,580 |

(3) Represents preferred distributions on Preferred Operating partnership Units.
(4) Includes the Company's pro-rata share of joint venture principal amortization. $\$ 203$ of the 2003 quarterly amortization is from the self- liquidating amortization related to the Kroger/Safeway portfolio. On the JV level, this consists of $\$ 29,528$ of debt which self-amortizes over the next six years.
(5) Capital expenditures include $\$ 831$ and $\$ 1,293$ for the quarter and 9 months ended September 30. 2003, respectively, related to the complete redesign of the facade at the Bloomfield Towne Center. Excluding the expenditures for this project, the FAD payout ratios for the quarter and 9 months ended September 30, 2003 were $86 \%$ and 79\%, respectively.
(6) Including the Company's pro-rata share of joint venture debt, the Debt to Total Market Capitalization increases to $43 \%$ and $51 \%$ as of June 30, 2003 and 2002, respectively.

(1) Does not include leased square footage and costs related to first generation space and the Company's major redevelopment projects.
(2) 1st Quarter 2003 renenwal percentage was adversely impacted by the closing of a small business which operated at three locations in the Company's portfolio totaling 25,000 square feet. Adjusting for this impact, the renewal percentage 1st Quarter was $78 \%$ and for the six months $77 \%$.
(3) Rent is presented on a cash basis. Rents have not been averaged over terms. Previous/expiring rent is that as of time of expiration and includes any percentage rent paid as well. New rent is that which is initially paid at commencement.
(4) Restated from 1st Quarter 2003 Supplement
(5) Included in the 3rd quarter activity is the renewal of a 19,000 square foot tenant which included a $27 \%$ reduction in rent. Excluding the effect from this one tenant, the total percentage growth in base rent for renewal leases would have been 9\%.

Portfolio Activity - Occupancy Up - Redevelopment Underway at Two
of the Four Former Ames Locations
Third quarter 2003 occupancy increased 10 basis points, from 87.7\% for second quarter 2003 to $87.8 \%$ for third quarter 2003. Current occupancy reflects the temporary effect of the Ames closings (4.7\% of total portfolio occupancy) during the fourth quarter of 2002, which offset other occupancy increases and brought year over year occupancy down 3.1\% from third quarter 2002 occupancy of $90.9 \%$. Excluding the
effect of Ames, year-over-year occupancy was up 150 basis points. The re-anchoring of the Ames shopping centers is currently underway.

Year to date through September 30, 2003, the Company executed new and renewal leases totaling 377,000 square feet at an average increase in rents of $10 \%$ on a cash basis.

Excluding the $\$ 0.5$ million effect from the Ames locations, same store net operating income ("NOI") was up $4.0 \%$ third quarter 2003 over 2002. Including the impact from these closings, NOI declined \$0.1 million, or 0.9\%.

## Redevelopment and Re-anchoring of Former Ames locations

New Loudon Center, Latham, NY
In connection with the redevelopment of the New Loudon Center, Acadia has finalized leases totaling 115,000 square feet with two new co-anchors. Replacing the former Ames, The Bon Ton Department Store will occupy 66,000 square feet at a $15 \%$ increase over Ames' base rent. In addition, the Company has recaptured 48,000 square feet from a tenant that was considered a credit risk and will install a new 49,000 square foot Raymour and Flanigan Furniture store. The Company also anticipates expanding an existing Marshall's at this property. Following the completion of this project in mid-2004, this revitalized community shopping center will be $100 \%$ leased.

Plaza 422, Lebanon, PA
During the third quarter, the Company made significant progress at the Plaza 422 redevelopment project. The Company completed the landlord's construction obligation to Home Depot, expanding the former 83,000 square foot Ames space to 102,000 square feet. Home Depot is currently performing its work and, upon its scheduled opening during the first quarter of 2004, will pay base rent double that which was paid by Ames. In connection with the redevelopment project, Acadia vacated and demolished the contiguous enclosed portion of the center and recaptured another 70,000 square feet of space, for which re-leasing is underway.

## Additional Re-anchoring - Midwest Portfolio

Located in the Chicago suburb of Naperville, the Hobson West Plaza, which was formerly anchored by Eagle supermarket, will be re-anchored with a 51,000 square foot Bobak's market. Bobak's, a regional specialty market, will also include a dine-in component as part of its store.

Joint Venture Portfolio - Anchor Expansion
To date, Acadia's acquisition joint venture has purchased three portfolios. With a combined occupancy at $98.9 \%$, these portfolios continue to perform consistent with the Company's expectations. The Company continues to pursue opportunities to add value to these acquisitions.

At the Amherst Marketplace, located in the Cleveland suburb of Amherst, Giant Eagle supermarket is expanding into an 11, 000 square foot recaptured CVS space. In addition to increasing the store footprint from 66,000 to 77,000 square feet, a Giant Eagle gas station has been added to the property.

## Balance Sheet - Solid Financial Position

Acadia continues to maintain its solid balance sheet and minimize its interest rate exposure. As of September 30, 2003, the fixed-rate component of the Company's portfolio mortgage debt was $82 \%$, which includes its pro-rata share of joint venture debt and interest rate swaps matched to debt maturities. Subsequent to the third quarter, the Company retired an additional $\$ 7.4$ million of variable-rate debt. Further evidencing the strength of the Company's balance sheet are conservative financial ratios for the third quarter as follows:
-- Conservative dividend payout ratio of $62 \%$ of FFO
-- Fixed-charge ratio of 2.9 times (EBITDA / interest expense plus preferred distributions)
-- $5.8 \%$ blended cost of portfolio debt
-- $39 \%$ debt to total market capitalization at September 30, 2003. This compares to 49\% as of year-end 2002

Acadia Realty Trust Waives Share Ownership Limitation at Request of Institutional Investor

During the third quarter 2003, the Board of Trustees approved a resolution permitting one of its newer institutional shareholders, which currently owns $6 \%$ of the Company's outstanding common shares, to acquire additional shares through open market purchases. This waiver of the Company's share ownership limitation, which was approved in response to a request from this institutional investor, will permit this shareholder to acquire up to an additional $3.7 \%$ of the Company's shares through March 31, 2004, or an aggregate of up to $9.7 \%$ of the Company's shares.

Notes:
(a) Reflects the potential impact if certain Preferred OP Units and Common Share options were converted to Common Shares at the beginning of the period. Net income would be increased by $\$ 50$ for each of the quarters ended September 30, 2003 and 2002 and $\$ 150$ for each of the nine month periods ended September 30, 2003 and 2002.
(b) The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") to be an appropriate supplemental disclosure of operating performance for an equity REIT due to its widespread acceptance and use within the REIT and analyst communities. FFO is presented to assist investors in analyzing the performance of the Company. It is helpful as it excludes various items included in net income that are not indicative of the operating performance, such as gains (or losses) from sales of property and depreciation and amortization. However, the Company's method of calculating FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles ("GAAP") and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciated property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The Company historically has added back impairments in real estate in calculating FFO, in accordance with prior NAREIT guidance. However, NAREIT, based on discussions with the SEC, has provided revised guidance that provides that impairments should not be added back to net income in calculating FFO. As such, historical FFO has been restated consistent with this revised guidance.

Included in FFO for the nine months ended September 30, 2003 and 2002 are gains from the sale of land of $\$ 659$ and $\$ 957$, respectively (amounts are net of minority interests).
(c) In addition to the weighted average Common Shares outstanding for the period, diluted FFO also assumes full conversion of a weighted average 1,227 and 3,449 OP Units into Common Shares for the quarters ended September 30, 2003 and 2002, and 2, 113 and 3,822 OP Units into Common Shares for the nine months ended September 30, 2003 and 2002.
(d) Fixed-rate debt includes $\$ 86,791$ of notional principal fixed through swap transactions. Conversely, variable-rate debt excludes this amount.
