CORE AND FUND TRANSACTIONAL ACTIVITY

During the first quarter and post-quarter to date, the Company completed approximately \$380 million of investments as follows:

Core Acquisitions

The Company completed four Core acquisitions totaling approximately \$250 million during the first quarter and post-quarter to date as follows (amounts below are inclusive of transaction costs).

Henderson Avenue Portfolio, Dallas, Texas. In April 2022, the Company completed its first acquisition in the Knox-Henderson corridor of Dallas, Texas with its purchase of the Henderson Avenue Portfolio ("Portfolio") for \$85.4 million. The Portfolio is comprised of 15 retail assets along with future development and redevelopment sites on Henderson Avenue. The Portfolio is located in the heart of rapidly growing East Dallas, and in proximity to the city's most affluent communities of Highland Park, University Park, Uptown and Lakewood.

Henderson Avenue is evolving into a vibrant neighborhood, becoming one of the trendiest and most desirable areas in Dallas. The street is one of the few walkable destinations in the city and offers residents and visitors a unique, authentic district experience in a predominantly car-centric environment. The Portfolio already includes a strong line up of digitally-native retailers such as Warby Parker, Tecovas and Bonobos, and a collection of some of the most popular restaurants in the city. The demonstrated success of the retailers and restaurateurs on Henderson Avenue serves as a promising proof of concept for what is to come. The Portfolio also includes a high performing Sprouts Farmers Market.

With approvals in place for the development site and plans to invest in the Portfolio and the surrounding neighborhood, Henderson Avenue is poised to become a thriving retail corridor similar to the other street markets where the Company has successfully invested in across the country. Significant redevelopment and densification opportunities will enable the Company to add retail and office space to the Portfolio and further connect and activate this already thriving district. These improvements will have an emphasis on placemaking and will bring distinct architecture, public spaces, local art and expanded parking capacity to Henderson Avenue. The Company intends to partner with a local development team to oversee the execution of these projects.

The Core acquisitions below have been previously announced.

8833 Beverly Boulevard, West Hollywood, California. In March 2022, the Company, in conjunction with Osiris Ventures, completed the acquisition of 8833 Beverly Boulevard in the Design District of West Hollywood, California for \$24.1 million expanding its existing footprint in Los Angeles. The property is leased to Luxury Living Group, a leading Italian furniture manufacturer in the luxury lifestyle sector with collections for Fendi Casa, Bentley Home, Trussardi Casa, Paul Mathieu, Bugatti Home, Heritage Collection and Ritz Paris Home Collection. The West Hollywood submarket continues to be desired by design, fashion and restaurant retailers and benefits from high income and supply constrained corridors.

Williamsburg Collection, Brooklyn, New York. In February 2022, the Company completed an investment in a collection of 11 retail storefronts and 23 residential units for \$97.8 million on Bedford Avenue in the Williamsburg neighborhood of Brooklyn, New York. Williamsburg has emerged as one of the leading retail submarkets in New York City, fueled by robust tenant expansion and increasing residential density. The collection is leased to a variety of national and specialty tenants, many of which are top producing stores in their chain. Tenants at the property include Sephora, Sweetgreen, Levain Bakery and Alo Yoga, and when combined with adjacent retailers including Apple, Whole Foods and Equinox, create a natural center of gravity for the market.

121 Spring Street, New York, New York. In January 2022, the Company acquired a retail condominium on the corner of Greene Street and Spring Street in Soho for \$39.6 million and is leased to Bang & Olufsen.

Fund V Acquisitions

Fund V completed two acquisitions for approximately \$130 million during the first quarter as follows (amounts below are inclusive of transaction costs).

Wood Ridge Plaza, The Woodlands (Houston), Texas. In March 2022, Fund V, a 90% partner in the joint venture with DLC Management Corp. ("DLC"), completed the acquisition of Wood Ridge Plaza for \$49.3 million. This property is strategically located along Interstate 45, a primary north-south thoroughfare for the city, connecting Dallas with Houston and Galveston and is positioned directly across from The Woodlands Mall, one of the most dominant malls in Houston. Tenants at the property include Kirkland's and Skechers.

La Frontera Village, Round Rock (Austin), Texas. In March 2022, Fund V, a 90% partner in the joint venture with DLC, completed the acquisition of La Frontera Village for \$81.4 million. The property is a necessity-oriented center with a strong line up of high performing tenants including Kohl's, Burlington, Hobby Lobby, Marshalls and Old Navy. The Austin economy has been expanding rapidly due to the increased presence of technology giants like Dell, IBM, Apple, Samsung, Tesla and Amazon.

Fund Dispositions

Northeast Grocer Portfolio (Fund IV). In January and March 2022, Fund IV completed the disposition of its two remaining properties located in Pennsylvania within its Northeast Grocer Portfolio for \$45.4 million and repaid the mortgages on the properties aggregating \$23.3 million.

Cortlandt Crossing (Fund III). In February 2022, Fund III completed the disposition of a grocery-anchored Shop Rite property located in Westchester County, New York for \$65.5 million and repaid the mortgage of \$34.5 million.

Self Storage Management (Fund III). In March 2022, Fund III sold its 50% interest in Storage Post's operating company for approximately \$6 million, of which the Company's share was \$1.5 million.

CORE PORTFOLIO LEASING

During the first quarter, GAAP and cash leasing spreads were 10.6% and 7.8%, respectively, on 25 conforming new and renewal leases aggregating approximately 298,000 square feet.

The Core Portfolio was 90.5% occupied and 94.1% leased as of March 31, 2022 compared to 90.0% occupied and 93.2% leased as of December 31, 2021. The leased rate includes space that is leased but not yet occupied and excludes development and redevelopment properties.

BALANCE SHEET

During the first quarter and post-quarter to date, the Company raised gross proceeds of approximately \$123.9 million (of which approximately \$96 million was previously announced) at an average gross issuance price per share of approximately \$22.50 through its at-the-market equity program to fund external growth.

In April 2022, the Company entered into a \$175 million five-year term loan to repay outstanding amounts under the revolving credit facility.

The Company has effectively fixed its interest rate exposure on the Company's Core borrowings (inclusive of interest rate swaps, structured finance loans and cash on hand).

FFO for the quarter ended March 31, 2021, was \$24.0 million, or \$0.26 per share, which included \$1.4 million, or \$0.02 per share, primarily from the unrealized mark-to-market gain on Albertsons. This benefit was partially offset by \$3.7 million, or \$0.04 per share, related to credit loss, straight-line rent reserves and tenant abatements, primarily due to the COVID-19 Pandemic.

FFO Before Special Items

FFO Before Special Items for the quarter ended March 31, 2022 was \$32.7 million, or \$0.33 per share, which excluded: \$3.6 million, or \$0.04 per share, primarily from the unrealized mark-to-market gain on Albertsons offset by \$0.9 million, or \$0.01 per share for net acquisition and transaction costs from a Core acquisition.

FFO Before Special Items for the quarter ended March 31, 2021 was \$22.6 million, or \$0.25 per share, which excluded \$1.4 million, or \$0.02 per share, primarily from the unrealized mark-to-market gain on Albertsons.

Additionally, the Company updated its net income and FFO to reflect the unrealized holding gains recognized related to its investment in Albertsons through March 31, 2022. The restatement primarily impacted the classification of certain amounts within the Company's consolidated balance sheets, statements of operations and statements of cash flows.
- Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue common shares of the Company were exercised or converted into common shares. The effect of the conversion of units of limited partnership interest ("OP Units") in Acadia Realty Limited Partnership, the "Operating Partnership" of the Company, is not reflected in the above table; OP Units are exchangeable into common shares on a one-for-one basis. The income allocable to such OP units is allocated on the same basis and reflected as noncontrolling interests in the consolidated financial statements. As such, the assumed conversion of these OP Units would have no net impact on the determination of diluted earnings per share.
- The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") and net property operating income ("NOI") to be appropriate supplemental disclosures of operating performance for an equity REIT due to their widespread acceptance and use within the REIT and analyst communities. In addition, the Company believes that given the atypical nature of certain unusual items (as further described below), "FFO Before Special Items" is also an appropriate supplemental disclosure of operating performance. FFO, FFO Before Special Items and NOI are presented to assist investors in analyzing the performance of the Company. They are helpful as they exclude various items included in net income that are not indicative of the operating performance, such as gains (losses) from sales of real estate property, depreciation and amortization, and impairment of real estate property. In addition, NOI excludes interest expense and FFO Before Special Items excludes certain unusual items (as further described below). The Company's method of calculating FFO and NOI may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. Neither FFO nor FFO Before Special Items represent cash generated from operations as defined by generally accepted accounting principles ("GAAP"), or are indicative of cash available to fund all cash needs, including distributions. Such measures should not be considered as an alternative to net income (loss) for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (losses) from sales of real estate property, plus depreciation and amortization, impairment of real estate property, and after adjustments for unconsolidated partnerships and joint ventures. Also consistent with NAREIT's definition of FFO, the Company has elected to include gains and losses incidental to its main business (including those related to its RCP investments such as Albertsons) in FFO. FFO Before Special Items begins with the NAREIT definition of FFO and adjusts FFO to take into account FFO without regard to certain unusual items including charges, income and gains that management believes are not comparable and indicative of the results of the Company's operating real estate portfolio and, in particular, the impact of the mark-to-market gain and loss attributable to the Company's investment in Albertsons.
- The pro-rata share of NOI is based upon the Operating Partnership's stated ownership percentages in each venture or Fund's operating agreement and does not include the Operating Partnership's share of NOI from unconsolidated joint

ventures within the Funds.
