To date, the Company has executed several key street leases including 154 Spring Street (New York City), 135 Prince Street (New York City) and 61 Main Street (Westport, CT).

The Core Portfolio was 93.5% occupied and 94.9% leased as of September 30, 2019 compared to 93.6% occupied and 94.6% leased as of June 30, 2019. The leased rate includes space that is leased but not yet occupied and excludes development and redevelopment properties.

During the third quarter, the Company generated an 18.7% and 4.5% increase in rent on a GAAP and cash basis, respectively, on 17 conforming new and renewal leases aggregating approximately 255,000 square feet.

#### Core Acquisitions

Through September 30, 2019, the Company has closed on \$82.4 million, which consist of \$74.6 million from the previously-announced Core Portfolio acquisitions and \$7.8 million in Chicago on W Armitage Ave. Amounts below are inclusive of transaction costs.

**Soho, New York, NY.** The Company has acquired or entered into contracts to acquire \$121.8 million of New York City street retail assets in Soho. To date, of the \$121.8 million, \$74.6 million consisting of four buildings on Greene Street (three of which are contiguous) have closed and \$47.2 million remain under contract at September 30, 2019.

**47 Greene Street, New York, NY.** In July, the Company acquired 47 Greene Street for \$25.1 million in an off-market transaction. 47 Greene Street, which is adjacent to the Company's other Greene Street acquisitions, is a retail property leased to Theory.

The Company expects to complete the remaining Greene Street properties under contract in late 2019 and early 2020.

**849 and 912 W Armitage Avenue, Chicago, IL.** In September, the Company acquired 849 and 912 W Armitage Avenue for an aggregate of \$7.8 million. With these acquisitions, the Company now owns ten buildings (seven of which are contiguous) on this prime stretch of W Armitage Avenue, a premier retail corridor in Lincoln Park with an exciting line-up of retailers including: Allbirds, Bonobos, Warby Parker, Lively, Parachute, Outdoor Voices, Serena & Lily and Marine Layer.

**The Melrose Place Collection, Los Angeles, CA.** The Company has entered into a contract to acquire five contiguous store fronts on Melrose Place for \$47.7 million in Los Angeles, CA. This acquisition expands its existing presence on the West Coast into Southern California. Melrose Place is located within proximity to Beverly Hills and West Hollywood and is leased to a variety of high-quality luxury tenants, including Chloe (a subsidiary of Richemont), The Row, Melanie Grant, L'Agence, Oscar de la Renta and Violet Gray.

Acquisitions completed to date, along with the remaining assets under contract, were pre-funded with equity raised under the Company's ATM program at an average gross price per share in excess of \$28.60.

No assurance can be given that the Company will successfully close on the remaining acquisitions under contract, which are subject to customary closing conditions.

#### FUND PLATFORM

#### Fund Acquisitions

The Company completed the following acquisitions during the third quarter 2019. Amounts below are inclusive of transaction costs.

Landstown Commons, Virginia Beach, VA (Fund V). In August, Fund V closed on the purchase of Landstown Commons, a 400,000 square-foot shopping center located in Virginia Beach, VA for \$87.0 million. The property is anchored by strong retailers including Ross, Best Buy, Ulta, Five Below, Old Navy and Dollar Tree. It benefits from several submarket drivers within five miles of the asset including Naval Station Oceana and several education and medical facilities. As the dominant center in the region, this higher-yielding asset has a diverse mix of necessity, entertainment, food and soft foods retailers that complement the market.

**Two Property Portfolio, Frederick, MD (Fund V).** In August, Fund V, a 90% partner in the joint venture with DLC Management Corp., closed on a two-asset portfolio totaling \$54.9 million. Both assets are in Frederick, Maryland, a growing market ideally positioned as a suburb to both Washington DC and Baltimore.

**Frederick Crossing**, a 300,000 square-foot center anchored by Kohl's, Best Buy, Ross and Dollar Tree, was purchased for \$33.1 million. The asset is the dominant center in the market with above-average sales and strong stability exhibited through several recent tenant renewals and extensions.

**Frederick County Square,** a 225,000 square-foot Kmart anchored center was purchased for \$21.8 million. This center was purchased well below replacement cost at an attractive yield affording the optionality to accretively redevelop the center to take advantage of an increasing crop of tenants interested in expanding into this growing market.

#### Fund Dispositions

The Company completed the following dispositions during the third quarter of 2019:

**938 W North Avenue, Chicago, IL (Fund IV).** In September, Fund IV completed the disposition of 938 W North Avenue for \$32.0 million, a three-story, 32,000 square-foot building in Lincoln Park. In November 2013, the Fund acquired the property with the opportunity to recapture Restoration Hardware's prime, below-market corner space. During its

ownership, the Fund modernized the facade and leased 100% of the vacant space to lululemon for a new marketplace concept. This sale generated a 6.1% IRR and 1.2x multiple on the Fund's equity investment.

**Nostrand Avenue, Brooklyn, NY (Fund III).** In August, Fund III completed the disposition of Nostrand Avenue for \$27.7 million, a 70,000 square-foot property. In March 2017, the Fund executed an expansion of Silver Star Meat Market, the property's grocery anchor, from 5,000 square-foot to 9,000 square-foot and extended the term of the lease for 20 years to 2037. The property's facade was replaced to present a unified, refreshed look and finished white boxes were delivered to tenants with respect to the second-floor office space. Nostrand Avenue is the primary north-south artery in the neighborhood and has become its main retail shopping corridor. This sale generated a 3.1% IRR and 1.2x multiple on the Fund's equity investment.

**JFK Plaza, Waterville, ME (Fund IV).** In July, Fund IV completed the disposition of JFK Plaza, a property within the Northeast Grocery Portfolio for \$7.8 million. During its ownership, the Fund stabilized the asset through tenant lease extensions with T.J. Maxx and Jo-Ann stores.

The Company does not report return metrics for partial sales of portfolio transactions.

#### BALANCE SHEET

The Company further strengthened its already solid balance sheet by match and pre-funding its Core acquisition activity. The Company raised proceeds of \$61.6 million during the quarter and \$137.8 million year to date through September 30, 2019 at an average gross price per share in excess of \$28.60 through the Company's ATM program.

Through match funding, the Company strengthened its already-solid, low-leveraged balance sheet. As of September 30, 2019, the Company's net debt to EBITDA ratio for the Core Portfolio was 4.7x, with substantially all of its Core Portfolio debt fixed at an average rate of 3.8%.

During October, the Company exercised the accordion on its credit facility, increasing its revolver capacity from \$150.0 million to \$250.0 million.

#### Notes to Financial Highlights:

- (a) For additional information and analysis concerning the Company's balance sheet and results of operations, reference is made to the Company's Quarterly Supplemental Disclosure furnished on Form 8-K to the SEC and included on the Company's website at <u>www.acadiarealty.com</u>.
- (b) Effective January 1, 2019, expense reimbursements are combined with Rental income on the consolidated statements of income, right-of-use assets have been established under operating real estate and lease liabilities within accounts payable and other liabilities on the consolidated balance sheets in accordance with Accounting Standards Codification 842, Leases. For more information about the implementation of ASC 842, please refer to the Company's current Quarterly Report on Form 10-Q.
- (c) Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue Common Shares were exercised or converted into Common Shares. The effect of the conversion of Common OP Units is not reflected in the above table as they are exchangeable for Common Shares on a one-for-one basis. The income allocable to such units is allocated on the same basis and reflected as noncontrolling interests in the consolidated financial statements. As such, the assumed conversion of these units would have no net impact on the determination of diluted earnings per share.
- (d) The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") and net property operating income ("NOI") to be appropriate supplemental disclosures of operating performance for an equity REIT due to their widespread acceptance and use within the REIT and analyst communities. FFO and NOI are presented to assist investors in analyzing the performance of the Company. They are helpful as they exclude various items included in net income that are not indicative of the operating performance, such as gains (losses) from sales of depreciated property, depreciation and amortization, and impairment of depreciable real estate. In addition, NOI excludes interest expense. The Company's method of calculating FFO and NOI may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles ("GAAP") and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (losses) from sales of depreciated property, plus depreciation and amortization, impairment of depreciable real estate, and after adjustments for unconsolidated partnerships and joint ventures.
- (e) In addition to the weighted-average Common Shares outstanding, basic and diluted FFO also assume full conversion of a weighted-average 5,082 thousand and 4,929 thousand OP Units into Common Shares for the quarters ended September 30, 2019 and 2018 and 5,140 thousand and 4,954 thousand OP Units into Common Shares for the nine months ended September 30, 2019 and 2018, respectively. Diluted FFO also includes: (i) the assumed conversion of Preferred OP Units into 499 thousand Common Shares for the quarters ended September 30, 2019 and 2018 and 2018 and 2018 and for the nine months ended September 30, 2019 and 2018 and 2018 and for the nine months ended September 30, 2019 and 2018 and 2018 and for the nine months ended September 30, 2019 and 2018, and (ii) the effect of 213 thousand and 258 thousand restricted share units and LTIP units for the quarters ended September 30, 2019 and 2018 and 213 thousand and 202 thousand for the nine months ended September 30, 2019 and 2018, respectively.
- (f) The Pro-rata share of NOI is based upon our stated ownership percentages in each operating agreement. Does not include the Operating Partnership's share of NOI from unconsolidated joint ventures within the Funds.

1. Acadia's "Promoted Share" reflects Acadia's share of fund profits once all partners (including Acadia) have received a return of their cumulative contributions plus their cumulative preferred return. Acadia's Promoted Share equals a 20% promote plus Acadia's pro rata share of the remaining 80%. With regard to Fund II, the additional contributions over original Fund Size reflects a prior-period distribution that was re-contributed to the Fund during 2016 to fund the on-

2. going redevelopment of existing Fund II investments.

3. Net of fees and promote. Fund I has made its final distribution and was fully liquidated in 2018.

4. Unfunded Commitments are set aside to complete leasing and development at existing fund investments and to make new Fund V investments. The Unfunded Commitment will not equal Fund Size less Cumulative Contributions in those instances where certain fund distributions have been marked as recallable or where the fund has released commitments due to, among other reasons, the closing of the fund's investment period or accelerated asset sales. With regard to Fund II, the Unfunded Commitment reflects a prior-period distribution that is subject to recontribution to the Fund until April 2021.

5 Unfunded Commitments available to deploy into new unidentified investments.

6. With regard to Fund V's investment period, Acadia has a one-year extension option, at its discretion, through August 2021.

7. Implied Capital is Fund Size less capital attributed to sold investments or released. Post-investment period, Fund IV Implied Capital also excludes \$50.0 million of general reserves.

#### USE OF FUNDS FROM OPERATIONS AS NON-GAAP FINANCIAL MEASURE

The Company considers funds from operations ("FFO") as defined by the National Association of Real Estate Investment Trusts ("NAREIT") to be an appropriate supplemental disclosure of operating performance for an equity REIT due to its widespread acceptance and use within the REIT and analyst communities. FFO is presented to assist investors in analyzing the performance of the Company. It is helpful as it excludes various items included in net income that are not indicative of the operating performance, such as gains (or losses) from sales of property and depreciation and amortization. However, the Company's method of calculating FFO may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. FFO does not represent cash generated from operations as defined by generally accepted accounting principles ("GAAP") and is not indicative of cash available to fund all cash needs, including distributions. It should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity. Consistent with the NAREIT definition, the Company defines FFO as net income (computed in accordance with GAAP), excluding gains (or losses) from sales of depreciated property, plus depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. The Company believes that this supplemental adjustment more appropriately reflects the results of its operations. The Company also provides one other supplemental disclosure of operating performance, adjusted funds from operations ("AFFO"). The Company defines AFFO as FFO as provides one other supplemental disclosure of operating performance, adjusted funds from operations ("AFFO"). The Company defines AFFO as company also provides one other supplemental disclosure of operating performance, adjusted funds from operations ("AFFO"). The Company defines AFFO as company also provides one other supplemental disclosure of operating perfor

#### **USE OF NON-GAAP FINANCIAL MEASURES**

Non-GAAP financial measures such as EBITDA, NOI, Same-Property NOI and lease spreads are widely used financial measures in many industries, including the REIT industry, and are presented to assist investors and analysts in analyzing the performance of the Company. They are helpful as they exclude various items included in net income that are not indicative of operating performance, such as gains (or losses) from sales of property and depreciation and amortization and is used in computing various financial ratios as a measure of operational performance. The Company computes EBITDA as the sum of net income before extraordinary items plus interest expense, depreciation, income taxes and amortization, less any gains (losses including impairment charges) on the sale of income producing properties. The Company computes NOI by taking the difference between Property Revenues and Property Expenses as detailed in this reporting supplement. Same-Property NOI includes properties in our Core Portfolio that we owned for both the current and prior periods presented, but excludes those property NOI may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITS. EBITDA, NOI and Same-Property NOI may be different from methods used by other REITs and, arcordingly, may not be comparable to fund all cash needs, including distributions. They should not be considered as an alternative to net income for the purpose of evaluating the Company's performance or to cash flows as a measure of liquidity.
